

THE FEDERATION OF ASSOCIATIONS FOR HUNTING AND CONSERVATION OF THE EU

FACE is the Federation of Associations for Hunting and Conservation of the EU. Established in 1977, FACE represents the interests of Europe's 7 million hunters.

This makes FACE the largest democratically representative body for hunters in the world.

FACE is an evidence-based advocacy organisation. It provides technical expertise and insights to both hunters and policy makers.

WHAT WE DO

FACE follows all international policy and legal issues that impact sustainable hunting and conservation in Europe.

FACE influences decisions taken at the international level on:

- ✓ Large carnivore management
- ✓ Lead in ammunition
- ✓ Firearms laws
- ✓ Wildlife diseases including African swine fever and avian flu
- ✓ Migratory bird conservation and hunting
- ✓ Trade in wildlife
- ✓ Common Agricultural Policy
- ✓ Promoting the economic, social and conservation benefits of hunting
- ✓ Safeguarding Europe's hunting methods and culture.

THE FEDERATION OF ASSOCIATIONS FOR HUNTING AND
CONSERVATION OF THE EU

FACE and its Members developed the Biodiversity Manifesto.

It reflects the rigorous and active commitment made by FACE
and Europe's hunters to biodiversity conservation.

We work with all relevant stakeholders including EU institutions and international agreements. FACE is also co-secretariat of the European Parliament's Intergroup on "Biodiversity, Hunting, Countryside", which is supported by more than 100 MEPs from different political groups and promotes the role of hunting and other forms of sustainable use of natural resources.

MEMBERS

FACE Members include the national hunting associations in 36 countries including the EU-28 and 6 Associate Members.
